AVERAGES

Highest Standard or Adjusted Sport league Average shall be used in this tournament. All entrants will use their highest 2014-2015 averages, based on a minimum of 21 games. Bowlers not having an established 2014-2015 winter average must use their highest 2015 spring/summer average. Please be advised, composite averages will not be used for this tournament.

Bowlers with no previous season average shall use their current average (12 games or more) as of the first date of bowling (October 10th). Please bring verification of average at the time of bowling. All others will bowl scratch (210). Bowlers are responsible for verifying their own average, whether submitted by the bowler or others. Average corrections can be made up to the end of the first game of a series.
